Skin

Benefits

This unique foaming cleanser was designed to clean the skin by gently removing oil, dirt, and makeup. Gentle Foaming Cleanser is formulated from naturally occurring sugars and contains ingredients that penetrate the epidermis to remove unwanted oils and impurities. This cleanser also includes a quartet of pure therapeutic-grade essential oils that were specifically selected for their skin-enhancing benefits, including DNA recovery.

Ingredients

Contains gentle surfactants (made from corn and coconuts) that are emulsifiers, foam producers, and cleaning agents. These “surface active agents” also bridge the gap between oil and water in products: sodium lauroamphoacetate and sodium methyl cocoyl taurate. Also contains skin-supporting essential oils of frankincense (*Boswellia Carterii*), sandalwood (*Santalum Album*), melissa (*Melissa Officinalis*) and German chamomile (*Chamomilla Recutita Matricaria*). Natural vitamin E and green tea leaf extract provide antioxidant power as well.

How to Use

Splash face with warm water. Dispense and lather a generous amount of cleanser (usually 2-4 pumps). With wet hands, massage gently over face. Rinse thoroughly. To be used twice daily for a refreshing cleanse in the morning and a thorough cleanse at night. Suitable for all skin types. For maximum benefit, immediately apply Day Activator in the morning and Night Reconstructor in the evening to freshly cleansed skin.

Important Information

Young Living’s Gentle Foaming Cleanser cleans the skin without irritation or dryness and contains no harsh astringents. Its powerful foaming action gently lifts and captures makeup and oils, leaving the skin feeling clean, hydrated, and soft.
